

## **Stephen A. Segar Epilepsy Scholarship**

The Stephen A. Segar Scholarship was created in 2007 to support college bound high school seniors that are living with epilepsy. At the age of 35 Steve was diagnosed with epilepsy. Throughout his epilepsy journey Steve learned how to manage his diagnosis while supporting his family and running a successful law firm. Realizing that an epilepsy diagnosis does not mean you have to alter or abandon your dreams is one of the many reasons that Steve is proud to support students in their future endeavors through his scholarship.

Students interested in applying for the Stephen A. Segar Epilepsy Scholarship must be living with epilepsy and planning to attend a four-year college in the fall.

To apply for the scholarship students must:

- Complete and submit the attached application and essay which includes a signature from their treating doctor
- Submit a copy of their most current high school(unofficial) transcript
- Submit a letter of recommendation from a high school teacher or counselor
- Submit a college application, acceptance letter or confirmation or enrollment

Applications should be mailed to the address below by **Wednesday, April 30, 2025**.
